Lt. Governor Awards Grant to Adult Day Care for Alzheimer's Services

(COLUMBIA) – Lieutenant Governor Andre Bauer has awarded ElderCare Service Providers, Inc. a grant of \$10,000 to expand the availability of services for persons with Alzheimer's disease and their family caregivers in Saluda, Lexington, Edgefield, Aiken, Barnwell, and Newberry Counties.

"President Reagan's long journey with Alzheimer's disease has increased awareness of this debilitating disease which affects approximately 45,000 South Carolinians," said Bauer in making the announcement. "It is important that South Carolinians have access to programs and services to cope with it. Caring for a family member with this disease can put a lot of stress on the caregiver."

Funds from the Alzheimer's Resource Coordination Center in the Lieutenant Governor's Office will be used to expand the availability of care for individuals with Alzheimer's disease or a related disorder in the person's home or in the Horizon Adult Care and Learning Center of Saluda so family caregivers can get some relief from the full-time responsibilities of being a caregiver. Services will be available seven days a week for up to twenty-four hours a day. Horizon staff have worked with church groups and schools to develop services for caregivers in this region.

The Alzheimer's Resource Coordination Center was created by act of the State Legislature in 1994 and was signed into law by Governor Campbell. The Center provides grants to local communities for the development of respite services and educational programs for caregivers of persons with Alzheimer's disease and related dementias. The state Office on Aging, which houses the Center, transfers officially to the Office of the Lieutenant Governor effective July 1. Lieutenant Governor Andre Bauer says "I look forward to serving the seniors of South Carolina and advocating for seniors and their caregivers."

For more information about this respite care program, call Nancy Geckler-Tate at 803-413-9640.
